EDITION

CONTEXT & GOAL

The International Congress of Industry, Biotechnology, and Health (ICIBH) aims to foster collaboration and knowledge sharing among researchers, scientists, innovative technologists, engineers, policymakers, economic and associative actors, as well as industry professionals and specialists in the fields of biotechnology and health. This event, scheduled to be held in El Jadida, Morocco, from October 14 to 15, 2025, will be hosted under the theme “Biotechnology and Smart Agri-Food: Bridging Science and Industry.

The 1st edition of ICIBH’2025 will provide an excellent opportunity to discuss and collaborate by bringing together a diverse audience to promote a better understanding of the current and future issues related to the integration of artificial intelligence in the agri-food sector.

It aims to shed light on the translational nature of research in these fields, with a focus on both fundamental science and its practical applications in industry and academia.
